## DRIVING CHANGE TO MEET GROWING NEEDS

Reena is a non-profit organization that promotes dignity, individuality, independence, personal growth, and community inclusion for people with diverse abilities within a framework of Jewish culture and values.

### The Team

Reena employs over 800 staff (Full and Part time) with an annual budget that exceeds \$67 Million.

### Services

Reena offers a variety of services including residential support, respite programs, counselling, therapy, employment, community participation programs and advocacy.

### Housing

Reena currently operates 32 group homes, two Intentional Community Residences and supports independently living individuals.

**Ontario's second largest 'Care Beds' provider, and  
fourth largest 'Developmental Sector' agency.**

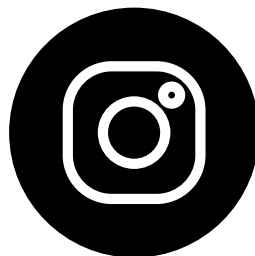

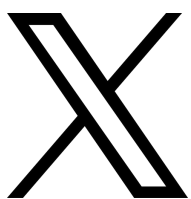

Since 1973, Reena has been providing housing, programming and community services for individuals with diverse abilities.

Parents of children with developmental disabilities established Reena as a practical alternative to institutions. In 1977, Reena began receiving funding from the Ontario Ministry of Community and Social Services and since that time has grown to provide support for hundreds of individuals with developmental disabilities and their families.

Reena firmly believes in taking leadership opportunities and “Repairing the World” (Tikun Olam in Hebrew) not only for the individuals and the families we support but also for the whole Developmental Services sector.
